THE CAPE COD FOUNDATION is one of 800 community foundations nationwide. It exists for one single reason: to strengthen and enrich our community. We do this by building resources and then investing those resources back into the community. Where they belong. Where they’ll do the most good. For now. For the future.

Providing resources for education is an integral part of this mission. The Foundation currently administers more than 80 funds, totaling over $10 million in principal, that award scholarships annually to local students—students of all ages who are pursuing many different educational paths. In 2020, we awarded over $630,000 in scholarships, making it possible for 133 students in our region to pursue degrees or complete certificate programs.

Our team coordinates all scholarship activity and serves as a resource for students, parents, and school officials. This booklet provides an overview of the scholarship funds we administer. Scholarships from The Cape Cod Foundation are available through the universal application, which automatically pairs eligible students with all available scholarships so they don’t miss opportunities. Additional opportunities from our partnering organization, the Cape Cod Association, the Kelley Foundation Scholars Program, and special grants for other educational endeavors are also accessible from the online scholarship portal.

People who dream about education tend to dream big. They tend to go on to do great things for themselves and their communities. We hope that by providing them resources, we have helped them dream bigger than they ever dared to dream before.

For more information visit capecodfoundation.org.
### WHO SHOULD APPLY
- High school seniors pursuing a 2- or 4-year degree or certificate program
- College students pursuing a 2- or 4-year degree or certificate program
- Adults returning to school to pursue a certificate or earn an undergraduate or advanced degree.

### HOW TO APPLY
The Cape Cod Foundation Scholarship Application Process is entirely online. Start with our website: capecodfoundation.org. There is a digital copy of this booklet there. It’s best for applicants to review this booklet to gauge their eligibility for scholarships, along with the general scholarship information and list of frequently asked questions provided, prior to beginning the application process. The link to our online scholarship portal is also on the website.

### ONLINE SCHOLARSHIP PORTAL
There are multiple scholarship opportunities through our online scholarship portal. Unless otherwise noted, scholarships from The Cape Cod Foundation are available through the universal application, which automatically pairs eligible students with all available scholarships so they don’t miss opportunities. There are also additional opportunities from our partnering organizations, the Cape Cod Association and the Kelley Foundation Scholars Program, along with special grants for other educational endeavors. These are accessible from the online scholarship portal but have separate applications.

### SCHOLARSHIP DEADLINES
Most scholarships follow our spring cycle with an application deadline of April 1. However, deadlines may vary. We do not accept incomplete or late applications. All letters of recommendation and transcripts must be completed by the deadline.

### REQUIRED MATERIALS
The specific materials needed for each scholarship are detailed in the online application. Students are expected to follow up with their references and confirm that recommendation letters have been submitted by the deadline. Late submissions will not be accepted. In general, applicants will be asked to provide:

#### RECOMMENDATIONS & TRANSCRIPTS
**High School Students:** All applicants must have a letter of recommendation from their guidance counselor and at least one other reference from a professional, such as a teacher, coach, or employer. Guidance counselors will also be asked to provide a transcript and other academic information.

**College Students:** Each applicant must have at least one letter of recommendation from a professional, such as a professor, coach, or employer. The second letter is optional but encouraged. A copy of the student’s most recent academic transcript is also required. While the transcript can be unofficial, it must include all coursework to date and indicate GPA.

**Other Students:** In most cases, applicants must have at least one letter of recommendation from a professional, such as a professor, coach, or employer.

#### FAFSA STUDENT AID REPORT
The Expected Family Contribution (EFC) Form from the FAFSA Student Aid Report (SAR) is required for most scholarships.
GENERAL INFORMATION
• Applicants should review the specific requirements and deadlines for each scholarship before applying to ensure all requirements are met.
• Most scholarships are based on financial need, academic merit, and non-academic activities; however, each scholarship has its own evaluation criteria.
• The selection process is competitive. Applicants who receive an award for one academic year may not receive the award in subsequent years.
• Unless otherwise noted, students must reapply every year to be considered for awards.
• We encourage students who do not receive an award to reapply the following year.
• Most four-year awards require a student to maintain a certain GPA to continue receiving benefits. We will notify each recipient of this and other criteria for maintaining the scholarship in the award letter.
• Scholarships are paid directly to the college and are made to US-based educational institutions only.
• The award amounts and number of awards listed in this brochure are approximate and may vary.
• The Foundation reserves the right not to issue an award for certain scholarships if deemed necessary due to extenuating circumstances.
• For additional information and a list of Frequently Asked Questions visit: capecodfoundation.org

FINANCIAL AID PACKAGES
The Cape Cod Foundation makes its best effort to ensure scholarship awards will be used to directly offset student’s self-help need instead of reducing institutional grants. However, institutions, colleges, and universities may adjust financial aid packages to reflect scholarships from other sources. Usually, they will use an outside scholarship to replace unmet need or reduce the amount of loans or work study before adjusting grants or scholarships. However, policies vary, and students should check with their institutions’ financial aid office.

NEED ASSISTANCE?
We encourage all applicants to review the Frequently Asked Questions section on our website. If you still have questions or need assistance accessing the online scholarship portal, please call 508.790.3040.
