YOUR COMMUNITY FUND
THIS YEAR. EVERY YEAR.

Thanks to the collective generosity of our donors, The Falmouth Fund has made significant investments in nonprofit organizations that serve our community and our residents. We are fortunate to be part of a vibrant town, full of committed and caring people who have a tradition of coming together to work for the common good.

In 2022, The Falmouth Fund reached a significant milestone: the investment of more than $1 million back into the community over the past 13 years. In collaboration with donors and nonprofit leaders, we have provided funding to 90 organizations doing important work in health and human services; education, youth, and recreation; arts and culture; and the environment.

While we are gratified by our accomplishments, we recognize the enormous challenges still facing our community — our families, friends, and neighbors.

So, in short, our work together must continue. We are focused on the future. And, with the ongoing generous support of our community, we are committed to growing The Falmouth Fund to support both increased needs and exciting opportunities across our community.

We are inspired by the generosity and trust of our donors. We are humbled and motivated by the work of our nonprofit colleagues. And we remain committed to working together on the rebuilding process by continuing to be Your Community Fund. This Year. Every Year.

THE FALMOUTH FUND

WHAT IS A TOWN FUND?
A Town Fund, like The Falmouth Fund, is a permanent endowment of The Cape Cod Foundation. What does a Town Fund support? It supports designated 501(c)3 charitable organizations in the community. Each grant cycle, local nonprofits submit proposals for projects and programs. The Town Fund Advisory and Grant Review Committees decide which proposals to support. Town Funds typically fund a broad range of initiatives, including those that provide health and human services, offer educational and cultural enrichment, and address environmental concerns.

WHO CREATES A TOWN FUND?
People who care about their community. People like you. Each of our Town Funds started as a grass roots movement. Some residents provided vision and leadership; others donated generously to create a charitable legacy for the community.

WHO GOVERNS A TOWN FUND?
Each Town Fund forms an Advisory Committee and a Grant Review Committee comprised of town residents. The Foundation is an advisor and resource for each committee.

WHY IS BEING PART OF THE CAPE COD FOUNDATION IMPORTANT?
The Foundation, also a nonprofit, is the hub of the Cape’s philanthropic community. Through its civic leadership work, the team is extremely knowledgeable about the region’s nonprofit organizations and the work they are doing. It can provide Town Fund committees valuable insight and objective guidance during the grantmaking process and assist with its fundraising activities.

WHY A PERMANENT ENDOWMENT?
It has a greater impact in the community. As a permanent fund, the endowment will support Falmouth’s priorities today and in perpetuity. And, as the endowment grows over time, The Falmouth Fund can increase the grants it makes to nonprofit organizations.

WHY WOULD SOMEONE DONATE TO A TOWN FUND INSTEAD OF MAKING A GIFT DIRECTLY TO A LOCAL NONPROFIT ORGANIZATION?
A gift to a Town Fund has two key benefits: it helps many local organizations every grant cycle, and it helps build the endowment so that the Fund can continue to award grants in the future. Also, when a donor’s gift is combined with gifts from many other donors, the impact multiplies.
