

2023 Targeted Capacity-Building Grant Recipients

The Cape Cod Foundation's capacity-building grants are derived from a variety of discretionary funds of the Foundation to support organizations across all areas of our community: health, human services, the environment, education, the arts, and community development, among others.

Atlantic White Shark Conservancy, \$15,000

For building development infrastructure and implementing software to increase efficiencies and strategic growth

Cahoon Museum of American Art, \$25,000

For creating outdoor experience infrastructure to increase museum visitation, provide increased community educational resources, and achieve greater accessibility and inclusivity

Cape Cod Council of Churches, \$25,000

For expanding organizational communication capacity to enhance support for non-English speaking clients

Cape Media Center, \$16,000

For technological infrastructure upgrades to better serve the community

Cape Cod Times Needy Fund, \$20,000

For improving language access and services to enhance support for non-English speaking clients

Chatham Conservation Foundation, \$25,000

For creating a donor development and planned giving program to foster strategic organizational growth and sustainability with transferable opportunities for implementation across other Cape Cod conservation organizations

Community Development Partnership, \$25,000

For improvement of Human Resources strategies to foster organizational culture transformation

Fine Arts Work Center, \$25,000

For staff expansion to enhance artist support services across all organizational programs

Homeless Prevention Council, \$25,000

For information technology upgrades to enhance client support services and overall organizational efficiencies

Provincetown Art Association and Museum, \$25,000

For digitization, integration of internal systems, and streamlining client experiences

Provincetown Theater Foundation, \$25,000

For staff expansion to enhance operational systems and sustainability
